

IFCP - TIRE MARK REMOVER

BLACK STREAK AND TIRE MARK REMOVER

WHERE USED:

For use on floors and equipment that commonly get marked by forklift and other vehicle tires.

HOW USED:

Highly effective “ready to use” solution that is simply applied to black streaks and/or tire marks with a trigger or pump up sprayer. Or, for a more efficient cleaning process, spray IFCP-TMR on black streaks and/or tire marks prior to using a mop or automatic floor scrubber.

FEATURES:

- Effectively attacks black streaks and tire marks commonly found on interior and exterior flooring and equipment surfaces
- Free rinsing
- User friendly
